

**LIMIX - XXX - XX,X - XXXX - XX - XXX**

**Series/Type**

**SN - Number**

**000** = standard

**001** = first special variant

**002...** etc.

**Cable length in XX,X m**

**Resolution** (in  $\mu\text{m}$  at four times edge triggering)

**0625** = 0.625 mm (resp. 2.5 mm at single edge triggering)

**Power supply / Output levels**

**00** = 10-30 VDC / 10-30 VDC HTL

**01** = 10-30 VDC / 5 V-TTL line driver

**11** = 5VDC / 5V-TTL line driver

**Optionen**

**D1** = 9 pin D-SUB connector instead of open wires

**Magnetic tape** (accessories)

**MB20-50-10-1-R-D-XXX.X**

**ELGO Magnetic tape**

**Basic pole division**

**5.0 mm**

**Width**

**10 mm**

**Number of magnetic tracks**

**1** = Single track system (incremental)

**Tape construction**

**R** = Magnetic tape bonded on magnetic permeable steel tape

**Options**

**D** = Without cover band and sticky tape

**Length**

Please indicate the desired length in **XXX.X meters**
